

# 2010 Pre Season Camp

It's on again!

The fourth Annual Pre Season Camp is back on. Its on February 27 - 28.

**This camp will also be the chance for you to re-accredit yourself as a referee!**

This is a great chance to freshen up on the rules, go over procedures and drills, cover rules changes and get ready for a great season of football.

You will find this camp as a great experience and invaluable for the coming season. We urge you to come along and participate over the 2 days.

We have negotiated a fantastic price for accommodation. All members are encouraged to stay.

## The Program

We have planned a great 2 day program that caters for all referees regardless of your skills.

The camp commences at 8am on Saturday. We urge all active referees to be on time.

The main program will be on Saturday. We will be running a refresher course, discuss rules changes, review our policies, go over training techniques, report writing, communication skills, dealing with judiciary and many other skills.

On Saturday Night, we have a fun activity planned where you will learn

more about the role of the appointments panel.

Sunday will feature more advanced skills session. This is important for any referee wanting to run in Seniors games this year, or any referee wanting to move into International Football for the first time.

We will have special guests throughout the camp. We have improved what we did last year to best reflect the skills for the upcoming season.
